

LANCASHIRE AND CUMBRIA SLP WORKING SCIENTIFICALLY

ENERGUS, WORKINGTON, CUMBRIA – 18th APRIL 2024

This course is designed to improve the teaching of the Working Scientifically strand of the Primary Science Curriculum.

Understanding 'working scientifically' is vital for children to develop ideas, skills, knowledge and understanding in science. This course will support you to implement strategies for planning, resourcing, and organising enquiry. You will explore teaching approaches that enable children to that develop their scientific thinking and help them understand scientific phenomenon in the world around them.

Outcomes:

- demonstrate an understanding of working scientifically skills.
- understand the different types of scientific enquiry.
- appreciate the need for progression and the importance of teaching skills alongside knowledge.
- Embed working scientifically skills when observing over time.

FURTHER INFORMATION AND BOOKING:

This is a **FREE** course offered on a first come, first served basis to schools who have not accessed support from the Science Learning Partnership this academic year.

Course Timings: 10-2pm, 18th April

Venue: Energus, Workington, CA14 4JW
